“

I graduated from Brussels School of Governance in 2021 with a major in International Affairs. The education I received at BSoG helps me in my professional career every single day. Currently, I work at the Ministry of Internal Affairs of Georgia in the Human Rights Protection and Investigation Quality Monitoring Department as an Inspector of especially important cases. I would like to express my sincere gratitude to the whole faculty of International Affairs as the professors I had supported me to excel in my career interests.
